Important Notes

- The rates shown in this guide are indicative and for guidance only. They do not constitute a fixed tariff, binding quotation or commercial offer.
- Tanker services are provided by independent third-party service providers. TAQA Water Solutions does not directly provide these services or determine the final commercial price agreed between the customer and the service provider.
- Actual prices may vary depending on market conditions, supply and demand, tanker size, travel distance, service location, operating conditions, urgency and any additional service requirements. • Customers should confirm the final price and service terms directly with the service provider before requesting the service.
